### 2060 When The World Is

2060: The date heard around the world. On 22 February 2003, the Daily Telegraph (London, England) published a front-page story announcing Isaac Newton's prediction that the world would end in 2060. The story was based on interviews with myself and Malcolm Neaum, the producer of the BBC 2 documentary Newton: the dark heretic (first shown on 1 March 2003).

Yet even in this maelstrom of heterodox thought and practices, Sir Isaac Newton stood out as a particularly odd co-existence of esoteric biblical prophecy, occult beliefs, and a rigid, formal mathematics that not only adhered to the inductive scientific method, but also expanded its potential by applying general axioms to specific cases. Yet many of Newton's general principles would seem ...
