This is why Australian native animals are so different from those found elsewhere in the world. About 90 percent of the mammals, 70 percent of the birds, 88 percent of the reptiles and 94 percent of the frogs, in Australia, are found nowhere else on earth.. Interestingly many Australian fauna fill similar niches in the local environment to animals elsewhere in the world.

Nature: New Zealand Department of Conservation Te Papa Atawhai

The Emu War, also known as the Great Emu War, was a nuisance wildlife management military operation undertaken in Australia over the latter part of 1932 to address public concern over the number of emus said to be running amok in the Campion district of Western Australia. The unsuccessful attempts to curb the population of emus, a large flightless bird indigenous to Australia, employed soldiers ...
