Monarch Butterfly-Watching Spots in California The monarch butterflies spend winter along the California coast between Mendocino County and San Diego. The spots listed below are the most popular and easiest to reach, but they aren't the only places you can go.

### **Where to See the Monarch Butterflies in California**

I am one of the most identifiable butterflies in North America and people are fascinated by the migration of my eastern cousins that take them to Mexico each winter. I don't make that migration because I'm from California. Instead, I fly to groves along our coastline to overwinter.
