The 2019 content outlines below should be used by candidates who are taking an NCCAOM examination in 2019. These are the content outlines that appear in the current NCCAOM® Candidate Preparation Handbooks.. IMPORTANT CHANGE IN 2020: Please note that new content outlines, based on the results from a recently-completed job analysis study, will take effect beginning January 1, 2020.

NCCAOM Exam Content Outlines | NCCAOM

Herbalism (also herbal medicine) is the study of botany and use of plants intended for medicinal purposes. Plants have been the basis for medical treatments through much of human history, and such traditional medicine is still widely practiced today. Modern medicine makes use of many plant-derived compounds as the basis for evidence-based pharmaceutical drugs.

Facilitated communication (FC), supported typing, or hand over hand, is a discredited technique that attempts to facilitate communication by people with severe educational and communication disabilities. The facilitator holds or gently touches the disabled person's arm or hand during this process and attempts to help them move to type on a special keyboard.

Facilitated communication - Wikipedia

Traditional Chinese Medicine (TCM) is a 3,000 year old system of medicine that has developed independent of Western science and medicine. TCM is a family of traditional medical techniques. It is a developed system of diagnosis and treatment based upon the observations, experiments and clinical results of many generations of Asian physicians.
