### **Deterrence Through Strength**

It used naval as well as financial means to protect and advance its interests in North America in the face of U.S. expansionism and aggression. Britain's strategy of deterrence through strength helped it get what it wanted in North America and prevented the United States from turning the tensions of 1838-46 into war.

Deterrence theory is the idea that an inferior force, by virtue of the destructive power of the force's weapons, could deter a more powerful adversary, provided that this force could be protected against destruction by a surprise attack. This doctrine gained increased prominence as a military

strategy during the Cold War with regard to the use of nuclear weapons and is related to, but distinct ...
