During the Warring States Period, China was divided into various states - each of which had its own historians, writing over centuries their version of the history of their state and its relations with neighbors and rivals. Following Qin's conquest of all the others, Emperor Qin Shi Huang - on the advice of his minister Li Si - ordered the burning of all philosophy books and history books from ...

A coal-seam fire is a natural burning of an outcrop or underground coal seam. Most coal-seam fires exhibit smoldering combustion, particularly underground coal-seam fires, because of limited atmospheric oxygen availability. Coal-seam fire instances on Earth date back several million years. Due to fine thermal insulation and the avoidance of rain/snow extinguishment by the crust, underground ...

Form as a dimension of meaning has little to do with morality; and yet as the prize of discipline it is invested with ethical character. This is the central paradox of Visconti's Death in Venice just as it is of Mann's novella. I will discuss elements of form and dissolution in the film, the discrepancies between meaning and manner, between profits of the plague and the price of perfection.
