The history of Islam concerns the political, social, economic and developments of the Islamic civilization. Despite concerns about the reliability of early sources, most historians believe that Islam originated in Mecca and Medina at the start of the 7th century, approximately 600 years after the founding of Christianity. Muslims, however, believe that it did not start with Muhammad, but that ...

Gender Paradox Academic criticism surrounds al-Ghazali's paradoxical discourse in reference to the role of women. Although al-Ghazali asserted that women's role within Islam was rooted within the family structure and responsibilities of the home, al-Ghazali's activism and involvement in the public sphere challenged the very gender roles she urged other women to abide.

A good air conditioner does more than keep your home cool and comfortable at the temperature you set it for. It also can be used to manage the level of humidity in a home, as dehumidification is the primary way in which it returns cool or cold air to your home. For Coolbest, when air is more dry, it's easier to breathe and even for your body to sweat, if it needs to do so at all.

Islam: Contemporary figures for Islam are usually between 1 billion and 1.8 billion, with 1 billion being a figure frequently given in many comparative religion texts, probably because it's such a

nice, round number. That figure appears to be dated, however. Relatively high birth rates in Muslim countries continue to make Islam a fast-growing religion.
