

## *Why The Whales Came Michael Morpurgo*

### **Why The Whales Came Michael**

Captive killer whales are live killer whales (*Orcinus orca*) which are held in captivity by humans, often for breeding or performance purposes. The practice of capturing and displaying these whales in exhibitions began in the 1960s, soon becoming popular attractions at public aquariums and aquatic theme parks due to their intelligence, trainability, striking appearance, playfulness, and sheer size.

### **Captive killer whales - Wikipedia**

The killer whale or orca (*Orcinus orca*) is a toothed whale belonging to the oceanic dolphin family, of which it is the largest member. Killer whales have a diverse diet, although individual populations often specialize in particular types of prey. Some feed exclusively on fish, while others hunt marine mammals such as seals and other species of dolphin. . They have been known to attack baleen ...
